\*\*\*\**Tax Extension for Disaster-Area taxpayers*\*\*\*\*

Dear Client:

The Internal Revenue Service and the Franchise Tax Board are offering an automatic extension until October 15<sup>th</sup>, 2025 to the individuals who have a principal residence in the county of Los Angeles. This automatic extension is for filing taxes, payments of tax due, estimated tax payments, contributions to IRA accounts for 2024, and other types of payments. Individuals whose principal place of business is in Los Angeles County may also receive this benefit, but it will not be automatic.

While the relief is automatic, we believe that there will be errors by IRS and FTB in granting relief. If you receive correspondence from IRS or need help accessing the relief in case it is not automatically granted, we will post the IRS and Franchise Tax Board Phone numbers on our website for you to call to solve the matter. If you need our help, our office will be charging a fee of \$50.00 per letter of correspondence. We recommend that if you normally have a balance due when you file your return that you pay your balance due by April 15<sup>th</sup> to avoid any problems that may arise. We also recommend paying estimated tax timely.
